- Patent RU 2530690 "Coding method and performance of context sensitive program, multicellular processor, cell and switching unit (options) of multicellular processor for method implementation" 05/02/2013

- Certificate of trademark (service mark) U.S.Reg.№ 4,220,051 Registered Oct.9, 2012

- Patent RU2388076 "Countings location method of fast Fourier transform in data memory" 04/03/2006

- Patent RU2410747 "Commutation device" 04/18/2008

- Certificate of trademark (service mark) № 435239 05/27/2009

- Application for a patent № 2008114862 "Algorithm coding method" 10/27/2009

- Certificate of trademark (service mark) №436611 05/06/2011

- Patent № 143513 "Portable multifunctional device for information protection" 23/06/2014
